Ideal for groups of 30 seated or 35 in a standing reception, the versatility of the space makes it perfect for events from weddings and birthdays to corporate outings and team building.

OUR STAFF

Murray's Private Events are hosted by experienced waitstaff trained at Murray's Cheese Bar, our full-service restaurant. They bring the expertise and professionalism you expect from an upscale Manhattan eatery. Beyond their skill in hospitality and service, our team members are also seasoned cheesemongers, and bring with them the deep knowledge and passion that comes with being an expert in the field of cheese and specialty foods.

OUR CHEESE

If you're a New Yorker who knows cheese... then you know Murray's. For more than 75 years, we've been the go-to for the very finest in cheese, charcuterie and accoutrements from domestic and international producers. The delicious brilliance of our dishes has been recognized by national media outlets, countless happy diners and some of the biggest names in food. Let our vast supply of the world's most divine flavors and our seasoned eye for sophistication be your secret weapon as you plan your next event.

OUR FOOD

Murray's is proud to partner with Starling Yards, a six acre farm in the Hudson Valley whose fresh, seasonal produce is delivered to us weekly. Their produce is grown with the utmost level of respect for the land, attention to detail and tremendous farming prowess. These exceptional offerings, combined with our chef's vision and creativity, are what makes our dishes so extraordinary, and our menu so unique.

OUR WINE & BEER

Having your party at Murray's Private Event space gains you access to the breadth of knowledge and expertise that our staff is famous for. This know-how expands far beyond cheese into many areas of artisanal food, including unparalleled mastery on wine and beer pairings. Whether you love hoppy IPAs or effervescent txakolinas we'll order bottles especially for your event and keep your guests' glasses full all night.
